C-Frame Flanging Press

UP TO 750 TON CAPACITY

Forming / Flanging / Bending / Jogging / Straightening

Used in the shipbuilding industries for hull plate and in the iron/metalworking industries for heavy plate. The Savage Flanging Press has push-button controls over all three of the rams.

DOCUMENT 11009

230/60 Ton Model - shown with staggered rams and 60 inch throat depth

- Dual guided platens of 115 tons capacity each, can be used together for 230 tons of force or individually for complex forming operations
- Horizontal 60 ton ram with guided platen
- Prestressed 3 piece welded frame construction with vertical tie rods for high strength
- Removable t-slotted bolster
- T-slotted upper platens
- Available in many additional sizes
